Cameron Peacock (from University of Liverpool, British)

"It's been a great experience learning the Chinese language. The sessions have been engaging and fun, with the pace at which the lesson is taught being tailored to your ability to learn. I can't wait to practice what I have learnt with others in the future!"

Eirik Hjalte (from BI Norwegian Business School, Norwegian)

"Chinese is so fun to learn because it is so different from Norwegian. You do not feel like you are learning a foreign language, instead you feel like you are learning to know a whole new culture."
